

Future Pathways

Now Accepting New Clients

Prepare your clients for their future careers.

Future Pathways is a 130-hour online group program designed to help adults with disabilities build the skills and confidence to enter the workforce.

Future Pathways helps Regional Center participants identify their career goals, develop essential hard and soft job skills, and get the support they need to obtain competitive integrated employment.

What participants gain

Career Exploration uncovers careers that align with their interests and skills.

Career Planning personalizes their roadmap to goal achievement.

Skill Building teaches hard and soft skills that impress modern employers.

Resume and Cover Letter Preparation tailors application materials to specific roles.

Job Search and Application Support provides help throughout the process.

Daivergent delivers results you can trust.

The program's success was validated over a three-year period through DDS/IECF grants, and demonstrated efficacy in helping adults with developmental disabilities to achieve favorable employment outcomes.

Future Pathways boasts an **83% success rate** in helping participants transition to employment, college, or paid internships.

"I really enjoyed the job search process with my coaches. They made it really structured and it was easy to keep track of everything."
